

SPOTLIGHT ON RED RIVER COUNTY

2014

coalition was established to create a tobacco-free community

4500+

services have been provided to county residents

5000+

individuals have been educated through health fairs, presentations, and public events

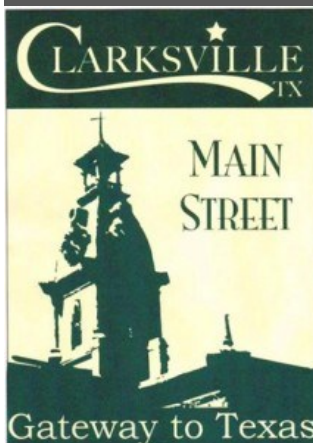

The rate of tobacco use has declined from

23% to **17%**
in 2013 in 2016

VISION:

East Texas TPCC envisions tobacco-free communities along with reduced illness and premature deaths from tobacco use.

MISSION:

East Texas TPCC promotes a healthy community by preventing youth access to tobacco, promoting tobacco cessation programs, protecting residents from exposure to second-hand and third-hand smoke, supporting state and local laws, and promoting a tobacco-free community that benefits the health of all.
